# WE LOVE WHAT WE DO

All of the English Rose team share a common goal, to do things well, and in doing so, create carefully crafted kitchens that, in a world of rush and expendability, are skilfully designed and built to last.

We have a love for detail and perfection and we are dedicated to creating the consummate kitchen for our customers, with enthusiasm and passion, every day. Our enjoyment of the design process and the creativity we put into each part of your kitchen lends itself to the quality of the final product.

We love what we do and we are looking forward to sharing this journey with you.

# WE KNOW YOU WILL TOO

We know the purchases you make for your home come from the heart, so it is important to choose the right kitchen that reflects your lifestyle and personality. Traditionally, when we think of a kitchen we see it as a cooking area, but at English Rose we believe it is much more than that.

Planning your kitchen should be a unique and enjoyable experience, and we aim to pay the same care and attention we give all our designs to your latest home adventure. It is our goal that you will have a sense of excitement and emotion about your kitchen that will strengthen over time - that it will become a place where families gather, friends are treasured, and memories are made.

As Britain's leading supplier of quality kitchens we have enjoyed continued growth for over 25 years. Our state-of-the-art factory and manufacturing capabilities guarantee that we provide you with the quality and service you deserve. We make it our mission to provide the stability and reassurance required in today's uncertain market, and hold vast quantities of stock to ensure continued supply, with no hold-ups.

## HER ROYAL HIGHNESS, THE COUNTESS OF WESSEX

Our warehouse and office complex was officially opened by Her Royal Highness the Countess of Wessex, GCVO, taking the factory footprint to 405,000 sq ft.

## **MADE IN BRITAIN®**

British design is recognised the world over for innovation and creativity.

Our range of quality kitchens are robust and durable, and manufactured using the finest materials, in our purpose built factory.

Our kitchens have been awarded the Made in Britain status.

WE LOVE WHAT  
WE DO

## COMPLETE PEACE OF MIND

Our deposit guarantee scheme offers you peace of mind and certainty when you purchase a kitchen from any of our approved retailers.

If your retailer ceases to trade before delivery of your furniture order, we will guarantee to supply your kitchen furniture at the quoted price.

Therefore, you can rest easy knowing that once you have paid your deposit, your kitchen furniture is secure, no matter what happens.

# PLANNING YOUR KITCHEN

## IS THE TRIANGLE BEING OBTUSE

The kitchen triangle was based on the three main work areas: the sink, the refrigerator, and the stove. The purpose of the kitchen triangle was to allow you to move easily between working areas of the kitchen.

Often cooking is no longer the responsibility of one person in the modern household. Because many families now might have more than one cook operating at a time, the points of the triangles are now likely to be 'working zones' (the cooking, cleaning, prep and storage zone).

It is best not to focus on the triangle, but to think about how your family moves around the kitchen. You will then find out which layout works best for you, and the 'zoning' will fall into place of its own accord.

## WHAT'S ON YOUR WISHLIST?

Analysing what you currently have in your existing kitchen versus what you need and want from your new kitchen design is the most important step. What appliances or luxury gadgets do you desire? Make a list of everything you've always wanted.

You can include more intangible ideas on this list that will help your designer get a feel for what you need. Do you prefer a cosy cottage style, or modern minimalism? Or even a mix of both?

Search online for inspiration. Magazines and brochures are useful resources too, furnishing you with the latest kitchen ideas. The more you see, the more you'll understand the style of kitchen you prefer and what will suit your home.

## LET YOUR HABITS DICTATE YOUR LAYOUT

How do you use a kitchen? Do you like to entertain, or do you sit down as a family for a meal every evening? Do you need areas for the kids to do their homework, or a space that can be used as an office area? All these things should be taken into consideration, and your kitchen layout should be designed to perfectly fit your lifestyle.

Check out the shape of your kitchen - it will probably fit into one of the categories below. Use this list as a guide when searching for inspiration.

- The galley layout
- The L-shaped layout
- The U-shaped layout
- The island layout
- The peninsula layout
- The one-wall kitchen

## CONVENIENCE COMES FIRST

To make full use of one of the most important rooms in your home, consider all the elements that will make this space work best for you.

Give yourself plenty of counter space to prep and allow more freedom while you cook. Don't clutter your countertops - hide everything away in nifty storage spaces with envy inducing pantry units and pull-out wirework.

Plan integrated appliances for a clean, streamlined look and position them for optimum performance. Anything that makes your life easier is always a plus.

## EXPRESS YOURSELF

Do you want it to complement the style or period of your home or contrast it? To match the decor of your other rooms, or to stand out? What style of units do you want to go for? How will you use colour or bring texture into the room with materials?

All these questions can only be answered by you personally - so let your imagination run free (with a little guidance from the experts, of course), and check out the following pages in this brochure for a little more inspiration.

# LET US INSPIRE YOU

Although all-white kitchens still remain as popular as ever, a dash of colour can lend a new lease of life to your kitchen.

Recently, a move towards natural and organic tones, colours and textures has become increasingly popular. Greens and warm neutrals combined with natural wood elements, such as oak and walnut are taking the kitchen world by storm.

I've always loved ENGLISH ROSE kitchens. They're stylish, last forever and are beautifully made. Their colours are such a great way to express personality and can make your kitchen unique.

**Dame Prue Leith DBE,**  
English Rose Ambassador

Steel Blue, Cove Blue and Spitfire Blue, from our painted range, create a calming, relaxed atmosphere for a Zen kitchen space.

## 17 DOOR STYLES | 22 PAINTED COLOURS | 374 WAYS TO MIX & MATCH

Our comprehensive range of colours, inspired by nature, allows you to mix and match to create a truly bespoke feel to your new kitchen.

## GREAT DOORS DON'T JUST GROW ON TREES

Well they do, actually, but as well as that they are designed, crafted and manufactured with skill, judgement and consideration.

We are very aware, as a business, of our impact on the environment and are making it our mission to reduce that impact as much as possible.

As well as being Forest Stewardship Council (FSC) certified, we now incinerate any waste that cannot be recycled, which in turn creates energy, thus eliminating the need for landfill.

We have also introduced a range of doors that are made from 100% recycled wood.

# CREATING YOUR MODERN KITCHEN

## CLEAN LINES & A NATURAL TOUCH

Simple and understated, the contemporary kitchen utilises high functionality and streamlined surfaces for a dramatic flair, but with a style that often incorporates traditional ideas for a more homely, welcoming feel.

Choose a look and layout that suits your lifestyle, taking you from elegant dinner parties with friends to breakfast with the kids.

A modern kitchen design generally consists of open spaces, minimalist features, and simple styling, offering a sleek space for you to relax and entertain. This style allows for a bit of rule-breaking, giving you the freedom to follow personal preferences and trends.

For an elegant, orderly look, hiding clutter is important, particularly in open plan layouts. Make sure you have plenty of clever storage options, combined with integrated appliances, for a clean, fuss free finish.

## HANDLELESS OPTIONS

One of the great benefits of handleless options is that they suit most contemporary or classic kitchen styles, creating an effortlessly smooth look. A handleless look can be achieved by using our Fusion range of doors.

It can be an ideal choice for open-plan kitchens, as brass wear can interrupt the flow between zones, making the change between the kitchen and relaxing areas seem harsh and obvious.

## CREATIVE COLOURS & FINISHES

Contemporary kitchens exude personality and let homeowners express themselves through the use of different materials.

For a sophisticated, modern kitchen, think about layering an eclectic mix of materials, colours and finishes. Differences in texture and style can be effective in creating an exciting scheme with plenty of points of interest.

*Shake(n) it up*

The speed of today's society means that we're used to things becoming obsolete within a few years, if not months or days.

The Shaker door was originally designed around 1850. It has been a well loved classic for hundreds of years and looks to continue for a few more.

So, if you're unsure about the staying power of the Shaker style - you can rest assured that your English Rose Shaker kitchen will stand the test of time!

## CREATING YOUR SHAKER KITCHEN

### SHAKER

A timeless symbol of quality and craftsmanship.

### AN INVITING ATMOSPHERE

To create a cosy, yet functional space, carefully layer task lighting, ambient lighting, and accent lighting to make your kitchen feel inviting. Pendant, zone, shelf and under cabinet lighting should all be considered before your kitchen is built to allow for electricity being wired correctly.

Remember to keep that clutter at bay! Keep worktops clear by planning useful storage spaces, so your kitchen is always relaxed and inviting.

Our timelessly elegant Shaker doors come in a huge range of finishes and designs, so you're guaranteed to find a style that will suit your home and lifestyle perfectly.

The design of these classic doors emphasises their functionality and high-quality craftsmanship, providing you with a kitchen that will look superb and perform beautifully for years to come.

### VINTAGE OR MODERN (OR BOTH)

The classic design of the Shaker kitchen creates a timeless appeal for any home, from contemporary chic to country cottage.

Whether you choose a traditional look with rustic wooden flooring, glossy tiles and antique-style lighting, or a more modern design with touches of industrial-inspired features and minimal decoration, you can produce the ultimate hub of the home to suit you and your family.

### THE FINISHING TOUCHES

How you accessorise your Shaker kitchen will define the final feel of the space and make it truly yours.

Add sleek gold taps and handles for a pop of luxurious colour, whilst worktops can be granite or quartz to offer practicality and style.

Experiment with colours and materials to give your kitchen a completely personal look. Go bold and dramatic, or sophisticated and neutral - the choice is all yours.

## CREATING YOUR TRADITIONAL KITCHEN

### ELEGANT ACCENT FEATURES

Designed to blend in perfectly with the home's original features. Immaculate detailing create a characterful feel. Feature mantels and shelving with corbels evoke a crafted vintage look.

Think about adding a glazed breakfast dresser or open shelves and displaying vintage china or copper pans to give a characterful appeal.

### PRACTICALITY & ENDURANCE

Traditional kitchens often feature door furniture that has a well-used look and might be in hammered metal or tarnished bronze.

For a veritable kitchen icon, opt for a Butler's sink, which offers both practicality and style. Pair with an ornate, retro tap for a real statement.

A range cooker works perfectly to create a homely, cosy room. It will not only be functional - it will be the jewel in your traditional kitchen.

### LOVE (YOUR) ISLAND

A kitchen island can serve a multitude of functions today, while still evoking traditional charm. They are perfect to gather around, whether that's for a quick breakfast, a chat and a cup of tea, a homework session, or a glass of wine while dinner's cooking.

Features like elegant pilasters and wood surfaces enhance the charming appeal of an island and make it the most popular hub of the home.

## CHOOSE YOUR CABINET

Customise your kitchen with a contrasting or coordinating cabinet colour. Mix or match your door selection with our range of 11 cabinet colours to create your individual kitchen style.

## CHOOSE YOUR DOOR

The key to long-term happiness with your newly-renovated kitchen is to find the style that suits you best.

Do you like sleek modernism or farmhouse chic? Is your home the epitome of urban cool or a cosy cottage?

Over the next few pages you will find a whole host of doors that can be tailored to suit your desired kitchen scheme perfectly.

## CHOOSE YOUR COLOUR

Once you've chosen your door, there are a number of elements to consider before making a colour choice. How much natural light do you have? Will it clash with the flooring? Will the colour you choose suit the rest of your home?

Not all your kitchen needs to be one colour. You can mix in a number of colours if you wish. Select a bold shade for a statement island or darker shades for a dramatic, yet cosy, space.

## CHOOSE YOUR ACCESSORIES

Choosing the right accessories can help to enhance your scheme by adding character and colour. We have countless options to suit everything from classic to ultra-modern kitchens.

# DRAWERS

Our kitchen quality is further enhanced by the precision drawer systems supplied by our partner GRASS.

GRASS® SCALA STONE Pan Drawer with rails.

## LUXURY OAK DRAWER BOXES

Superior solid oak drawer boxes will add luxury to any kitchen. Drawers are constructed using the traditional dovetail joints, and fitted with GRASS® soft-close runners.

### DRAWER FEATURES

- Gentle and silent soft close motion prevents slamming of drawers and protects fingers.
- The contemporary GRASS Scala Stone drawer box colour complements our graphite cabinet colour option.
- Each drawer can carry up to 40kg whilst operating with a smooth easy opening action.
- The runners are protected from dirt ingress, maintaining the smooth operation and fully extend for easy access to the back of the drawer.
- Drawer frontals are easily removed to make cleaning easier, without the need for tools.
- With a clean ergonomic design, adjustment is on the inside of the drawer avoiding the need for plastic caps on the drawer sides.
- Maximised storage space with straight internal drawer sides.

# WORKTOPS

Our wide range of worktop finishes gives you complete creative control over the base tones and textures of your new space.

We use the highest quality laminates, which provides peace of mind regarding sunlight damage, scratching, abrasion, coffee stains, tea stains, red wine, ink and small burns. No surprise that they hold the FIRA Gold Award for product excellence.

## THE CUTTING EDGE

Our worktops are available in both square edged and post formed.

Square (top image) is the more versatile, available in 40mm and 21mm.

Post formed (bottom image) features a slightly curved profile.

## GABLE ENDS

Elevate your surface spaces with a raised gable end, the perfect place to share cocktails with friends and tidy away the barstools when you're done. Available in square edged 40mm and 21mm, in all worktop colours.

## BACKBOARDS & UPSTANDS

A practical feature provides an opportunity to express your style. An alternative to tiling can be extending the attractive worktop surface onto the back wall to protect from splashes and staining.

Available in all worktop colours.

STORAGE &  
ORGANISATION

# ORGANISATION & STORAGE

A fully functional, highly organised kitchen is also a beautiful one. Especially when it comes with a host of ingenious features and accessories, designed to make life easier, whilst looking great as well.

## STORAGE SOLUTIONS

To maximise space and provide fully accessible storage, a range of practical and decorative storage solutions are available in a variety of different sized base, wall, dresser and larder units.

## CUTLERY DIVIDERS

Drawer organisation for cutlery and utensils is available in a variety of different sizes and finishes. Your retailer will advise, to suit the width of your drawers.

## WASTE RECYCLING

A variety of high quality pull-out bin options are available in multiple sizes. They provide a practical solution to your waste and recycling requirements.

## L-SHAPED CORNER UNITS

Designed to utilise the hard-to-reach corners of a kitchen, our L-Shape units provide optimum ease of access and valuable extra capacity.

# CLEVER STORAGE

## MAKING YOUR NEW KITCHEN AS FUNCTIONAL AS IT IS ATTRACTIVE

During the kitchen planning process it's useful to design, not just how you'd like the space to look, but just as importantly, how you typically use your space every day; Where are the pots and pans kept? How easy is it to see the contents at the back of my shelves? Can I actually reach every area of my cabinets?

All of our kitchens come with the optional addition of Clever Storage products from Kesseböhmer; that means your new kitchen design won't just look great, but will make time spent unpacking shopping, preparing meals, and tidying up both quick and easy.
